POSTER DESIGN

1. Posters should include the name(s) and affiliations of the author(s), KONASPI & affiliations logo.
2. All text lettering, diagrams and photographs should be large enough to be legible at a distance of 1.5m. Lettering used for titles should be 24 point minimum (preferably Arial font).
3. Large type from a word processor, photo-enlarged typing, stenciling, and rub-down letters (e.g. Letraset) are recommended for text and captions. Freehand lettering is not recommended except for last-minute alterations.
4. The use of figures and charts is suggested, avoiding excessive text.
5. The text appearing on the poster is to be written in English, suggested sections include:
   - Title: In English as it appears in the submitted abstract
   - Authors (main author’s photograph for identification is suggested)
   - Aim (brief)
   - Materials and Methods (brief)
   - Results (Captions and headings for photographs, tables, figures etc)
   - Conclusion/Discussion (brief)
   - References (limited to a maximum of 3)
6. In preparing the poster you should not attempt to detail your entire research history. Present only enough data to support conclusions or to explain the point(s) you wish to make. Data should be kept to a minimum in favour of diagrams and photographs. Aim to put across a simple message in an eye-catching manner.

PRESENTATION DETAILS

1. There is formal speaking component included in the poster presentation, we ask that you be near your poster during poster presentation session to discuss your work and answer any questions your fellow delegates may have.
2. You may wish to consider having a synopsis of your research e.g. A4 or US letter sized copies of the poster, available at your poster, or a business card if people wish to contact you after the conference. These are to be placed in pockets attached to the poster (presenter’s responsibility).
